

Replacement Parts for Widespread Deck Faucets

Widespread Deck Faucet Product Installation Guide

Since 1936, Fisher Manufacturing Company has manufactured heavy-duty, high quality plumbing products and hardware specialties for the food service industry. For three generations, the Fisher family has adhered to a strict dedication of and overall value. When you install Fisher products... you install the best. Our hardware is manufactured with the standardization of internal mechanisms. All chrome plating is triple plated copper, nickel and chrome for durability. Every piece of equipment we make is rigorously tested in both our modern in-house testing center and in actual field situations under extreme conditions. Every detail is thoroughly checked. Before we make our products available to you, they pass each and every test. You get proven performance. Guaranteed.

Limited One Year Warranty

Fisher Manufacturing Company warrants its products and parts thereof (except as noted below) against defects in materials or workmanship for a period of one year after the date of original purchase. During this period Fisher Manufacturing Company will replace a defective product or part without charge to you, provided that the entire product is delivered to Fisher Manufacturing Company. All transportation and insurance charges for shipping the product to and from Fisher Manufacturing Company must be borne by you. Charges for transportation and insurance may, at the option of Fisher Manufacturing Company, be refunded depending upon our investigation of the warranty claim. This warranty does not cover external finish (except at date of original purchase) or labor costs not specifically authorized by Fisher Manufacturing Company.

Installation Instructions for Widespread Deck Faucets

BE SURE TO CHECK WITH YOUR LOCAL DEPARTMENT HAVING JURISDICTION REGARDING BACKFLOW PREVENTION

Installation Notes:

- Be sure to shut off water supply before beginning.
- Use pipe thread sealant such as PST on all threaded joints.
- Check the packaging for missing items BEFORE beginning installation. If items are missing, contact your supplier.

Tools Required for Installation

- Pipe Wrench
- Medium Sized Adjustable Wrench
- Pipe Thread Sealant

Package Contents

The box should contain the following:

Installation Instructions

1. Verify all components are there.
2. Mount spout base, then tighten with washer and locknut.
3. Screw on supply line adapter, use pipe sealant on the connection, to the nipple.
4. Add a small amount of o-ring lube to the o-ring on the supply lines and tighten supply lines in the supply line adapter.
5. Mount both control valves, and tighten with locknut. Connect supply lines to control valves and tighten. Make sure supply lines are not kinked or crimped after install.
6. Optional DJ swivel spout, apply lube to the o-ring on the spout. Mount the DJ swivel spout and tighten the nut onto the faucet spout outlet.
7. When installing a swing spout, apply lube to the o-rings on the swing spout. Make sure the white snap ring is in place before mounting the spout. Mount the swing spout and tighten the nut onto the faucet spout outlet.
8. Turn on water supply and check for leaks.
